## **Dormobile Roof Conversions**

This roof has been designed to be in keeping with the original Dormobile roof conversions of the 60's and 70's with a modern twist. It is side elevating so you get more space and head room than a pop top roof. It is assisted with gas struts to make it easy to open.

The fibreglass roof cap is finished in a gloss white, but other options are available at extra cost.

A choice of canopy colours available in white, black, blue, grey etc. (candy stripe £100.00 extra).

You can add the option of a gas strut bed platform, with built in or removable mattress, black tinted opening windows, lining the cap with carpet to help remove condensation and the option of curtain track and mirror. See prices below.
